

What can I learn from my test results?

1. Which skill did you feel most confident with? Why?
2. Which skill did you find the most difficult? Why?
3. What type of error did you most commonly make (or almost make)? How will you avoid making this kind of error in the future?
4. Do you feel that your score accurately reflects your work in class and on homework? Why or why not?
5. Write 1-2 *main ideas* from this unit:
